West Shore Bank Contributes \$10,000 to the Community Foundation for Oceana County Capital Campaign

LUDINGTON, MI – West Shore Bank is proud to announce a \$10,000 contribution to the Community Foundation for Oceana County as part of the organization's Founders Circle Capital Campaign, supporting the renovation of a historic downtown Hart building that will serve as the Foundation's future home and community gathering space.

The project represents a significant investment in the future of Oceana County, creating a permanent

location for the Foundation's operations while expanding opportunities for community engagement, collaboration, and local impact. The renovated facility will provide office space and meeting areas designed to serve residents, nonprofits, and community partners throughout the county.

"At West Shore Bank, we believe strong communities are built through local partnerships and meaningful investment," said Ray Biggs, President and CEO of West Shore Bank. "We are honored to support the Oceana Community Foundation's vision and help create a space that will strengthen community connections and support local initiatives for generations to come."

The contribution reflects West Shore Bank's longstanding commitment to supporting organizations that enhance the quality of life throughout the communities it serves. Through charitable giving, volunteerism, and community partnerships, the Bank continues to invest in initiatives that create lasting impact across West Michigan.

"We are grateful for West Shore Bank's support of this transformational project," said Tammy Carey, Executive Director of the Oceana Community Foundation. "Community partners like West Shore Bank make it possible for us to create resources and opportunities that will benefit Oceana County for years to come."
